## STANDARDS OF BEHAVIOR

We want to ensure that all students participating in the clubs enjoy the experience.

- It is expected that all students will abide by ACPS classroom and school rules and regulations during clubs.
- Instructors are experienced at using classroom management techniques to allow misbehaving children time to adjust. If a child continues to have difficulties, he or she will be removed from the club and remain with the onsite coordinator who will decide if and when the child can return to the club that day and inform parents about the situation.
- If the child is removed from that club a second time, the child will be withdrawn from that club for the remainder of the session. The parents and school will be informed of this decision. No partial refunds will be given in these situations. We look to all parents to support our instructors so all of our children can have an enjoyable experience.
